

## J. P. MORGAN HERO OF HOUR

**STOPS PANIC CONDITIONS IN  
WALL STREET**

**GIVES TWENTY-FIVE MILLION**

**To the Market and Reduces Price of  
Call Money from One Hundred  
to Ten Per Cent.—Rockefeller  
Shares Glory**

New York, Oct. 24.—J. Pierpont Morgan today won the title of America's leading financier by grasping a firm hold on the market when the panic was at its worst and call money became snapped up at a hundred per cent, and the forcing of prices down to ten per cent. To do this he had to throw twenty-five million dollars in the market which immediately caused stocks to soar and smashed call money to smithereens. This was the most dramatic incident in years and made Morgan the hero of the hour.

John D. Rockefeller furnished ten millions to be used by the trust company of America in paying the depositors and saved that institution.

Cortelyou continued to draw on the National treasury for many millions which he deposited in the National banks. It is estimated that over two hundred million dollars have been withdrawn from banks in this city within the past two weeks by depositors.

There were several suspensions today, the Hamilton bank, with four branches suspended payment of its depositors. This was followed by the Twelfth Ward bank. Other banks had big runs made on them, but they had money to satisfy the scared depositors.

Secretary Cortelyou at 11 o'clock said:

"Things look pretty good now. I have had word of the suspension of the two Harlem banks, but prefer to make no comment on it. I will remain here some time longer—how long I can not say. I would have had to be in New York tonight anyway. The rumor that we are short of small bills is unfounded. We have \$10,000,000 in small denominations."

The subtreasury received \$10,000,000 in cash from Washington, consisting of all denominations, largely lower denominations, in order to meet the demand for small bills. This permitted Secretary Cortelyou to deny reports that the supply of small bills was not sufficient to meet current needs. He says the amount received today amply meets requirements.

### POMMERN WINS

**Government Figures on Balloon Race  
Are Announced**

Washington, Oct. 24.—The official air line measurement of the flight of the two leading balloons in the international race from St. Louis as computed at the geological survey today follows:

St. Louis (Forrest Park) to Asbury Park, 973.4 miles.

St. Louis (Forrest Park) to Herbertsville, N. J., 967.4

The Pommern landed at Asbury Park, the longest distance traveled by the competitors, and the L'Isle de France landed at Herbertsville, next in distance.

All of the data relating to the anchorage of the balloons has been telegraphed to Washington and the preparation of a map of the flight has begun by Wm. Welch, chief draughtsman of the signal corps, U. S. A. It is expected that the Aero Club of America will adopt these figures and award prizes accordingly.

### MR. AND MRS. HORSE COMING

**He Goes to Sleep and She Searches  
His Trousers' Pockets**

Ricobono, the greatest horse trainer of animals the world has ever known, took by storm last winter by the exhibition at St. Petersburg of a company of trained horses, one of which, wearing pants, boots, hat and coat, makes his own bed, winds the clock, takes off his clothes, blows out the candle and retires.

The act opens with a kitchen scene Mr. and Mrs. Horse are seated at the table with their family enjoying the evening meal, eaten from plates. After supper the lord of the house lights the candle and sits down to read the sporting page of the evening paper. When the clock strikes ten, and Mr. Horse goes to bed, Mrs. Horse coolly waits till she hears him snore, when she deftly goes through his trousers' pockets.

So astounding was the act that all Europe talked of it, and people journeyed from all over Germany and France to St. Petersburg to see it. Ricobono, the great master of the

horses, was soon the most talked of man in the old world. An agent of the Ringling Brothers went from America to St. Petersburg expressly to find out if the act was really as great as reported. He cabled back after seeing it: "Most wonderful thing ever done." Acting on instructions he offered Ricobono such a salary as would tempt a king to abdicate, and the result is that the trainer and his wonderful horses are members of Ringling Brothers' circus, presenting the act just as in St. Petersburg.

There are many remarkable trained animal acts with the Ringling Brothers' circus this season, among them being Kerslake's educated pigs which climbs ladders, shoot the chutes and balance on gliding globes; the three great herds of elephants trained by the famous Soudar, and a troupe of comical and clever trick horses managed by Nola Satterfield.

No other circus during all the year of its existence ever displayed as many novelties as this year alone are featured with Ringling Brothers' show. From Europe has been brought every artist of note who has devised something novel, and the result is such a complete program of surprises as has not been sprung before in any twenty years. The world's greatest circus will exhibit in Greenville next Wednesday, giving two performances and the greatest parade ever organized.

## HARGIS IS TO PAY

**LARGE SUM IN DAMAGE SUIT  
IN FAMOUS KENTUCKY CASE**

**CASE**

Winchester, Ky., Oct. 24.—The beginning of the end of the most noted damage suit ever tried in the court here was witnessed today by the receipt of a check by Attorneys Byrd & Jonett from Judge James Hargis, of Breathitt county, for \$5,000 in part payment of the verdict of \$8,000 given by a Clark county jury in favor of Mrs. Abrelia Marcum for the alleged murder of her husband, James B. Marcum.

This was in many respects a record-breaking suit. It was for the largest amount of damages ever asked for up to that time in the state. It required five weeks to hear the testimony and arguments of the attorneys and out of it grew two trials for contempt of court in which the heaviest punishment ever inflicted in the state for that offense was assessed by the jury. B. F. French being fined \$5,000 and Felix Feltner fined \$3,000 and sentenced to two years in jail.

On account of the cost and interest growing out of the delays secured by Hargis and Callahan, against whom the verdict was given, the original sum of \$8,000 has grown to nearly \$12,000, the remainder of which will be paid shortly by the Breathitt county feud leaders.

The case was tried before Judge J. M. Benton during December, 1904, and January, 1905, four weeks being consumed in the taking of evidence, while another week was given to the lawyers for argument. Judge Lewis McQuown and J. Smith Hays, for the defendants, and Charles J. Bronston and A. F. Byrd for Mrs. Marcum, each spoke a day, while the other attorneys spoke a half day each.

**Jefferson Davis Home Society  
Incorporates**

Louisville, Ky., Oct. 24.—The Jefferson Davis Home Association filed a charter yesterday in the County Clerk's office. Its object is to preserve as a memorial the farm in Christian and Todd counties upon which the President of the Southern Confederacy was born. The incorporators are Gen. Simon Bolivar Buckner, Col. Bennett H. Young, Gen. Basil W. Duke, Capt. John H. Weller, C. C. Cunningham, J. T. Gaines, S. S. Brown, Thomas D. Osborne, W. B. Brewer and Capt. Geo. C. Norton.

### Death of Mrs. Keenan

At the residence of her sister, Mrs. Lytton C. Goode, of this city, Mrs. Fannie Hall Keenan, wife of Mr. Edward Keenan, passed away Thursday afternoon about 5 o'clock. The deceased was a native of Washington county, the daughter of the late J. P. Hall, an honored citizen of the county, who resided near Leota, and where Mrs. Keenan spent her girlhood days.

Mrs. Keenan was not only a devoted wife, and loving mother, but was a true Christian woman whose acts of charity and noble deeds done in this world assures her a place in the one above. She had been sick for some time and bore her sufferings with Christian fortitude.

In her death she leaves a husband and two little girls and a host of friends to mourn her departure.

The funeral will take place from the residence of her sister, Mrs. Lytton Goode this afternoon at 4 o'clock. Revs. Stevenson Archer and Chas. E. Diehl will conduct the religious ceremonies.

## DEMOCRAT'S BIG BANQUET

**ATLANTA HONORS GOVERNOR  
CHANDLER OF NEW YORK**

**MANY NOTABLES PRESENT**

**Kimball Hostelry Crowded to Capacity—Many Timely Addresses Are Made—Elaborate Menu Spread—A Grand Success**

Atlanta, Ga., Oct. 24.—Tonight, at the Kimball house, the largest and most Democratic banquet ever given in Atlanta, was spread, the hundreds of assembled guests in honor of Gov. Louis Stuyvesant Chandler, of New York. The banquet, which is called the dollar dinner, struck popular favor with the people in the start and the seating capacity was taken before noon, and many clamored for seats even after the capacity of the Kimball was crowded to its utmost. Addresses were made by Maj. J. C. Black, of Augusta, Governor Smith and a number of other prominent citizens. It proved, on the whole, a grand success and a great advertisement to Georgia Democracy. The following menu was served:

Oyster Cocktail Olives  
Tomato Bouillon en tasse  
Filet of Lake Trout, Remoulade  
Potatoes, Saratoga  
Green Peas  
Roast Turkey, Cranberry Sauce  
Mashed Potatoes  
New Kimball House Ice Cream  
Assorted Cake  
Cheese Crackers  
Coffee

### PROFITS IN AGRICULTURE

**Mississippi a Leader as Shown by  
Manufacturers' Record**

Mississippi's pre-eminence as an agricultural state is strikingly demonstrated in a table compiled by the Baltimore Manufacturers' Record, from the returns of the last census, giving the percentage of profit from agriculture in the whole country and the several states separately. According to the Record's figures the profits from the business in the United States as a whole, were fourteen per cent; in the South, the average was 25 per cent, with Mississippi leading with forty-two per cent.

The percentages for the different states appears as follows:

Mississippi	42.0
Alabama	41.4
Georgia	36.6
Arkansas	34.5
South Carolina	33.8
North Carolina	27.3
Tennessee	24.0
Florida	23.9
Texas	20.4
Kentucky	20.0
Virginia	19.1
North Dakota	17.5
Kansas	17.3
South Dakota	15.8
Nebraska	15.6
Ohio	15.3
Indiana	14.7
Missouri	14.6
New York	14.0
Iowa	13.4
Pennsylvania	12.3
Illinois	12.0

These figures are official; they are not the flatterings of a real estate agent, and they ought to constitute a first-class immigration document for distribution in the North and West. The low prices of lands in this state, compared with their productive capacity, largely accounts for the precentage of profit shown.

### SEEKS TO ORGANIZE

**Southern Cotton Association Applies  
for Charter**

Atlanta, Ga., Oct. 24.—An application which has recently been filed by Harvie Jordan and others, petitioning the Superior Court of Fulton county for incorporation as the Southern Cotton association, denotes the first step which that association takes as a legalized body in the great work which it has cut out for itself in the cotton industry of the South.

The association has been in existence for nearly three years, having been organized in January, 1905. Since its organization it has been in constant operation, establishing itself in the confidence of the cotton growers of this section of the country, but it has not heretofore applied for charter.

The petition for incorporation shows that the association will not be conducted for purpose of gain and that it will have no capital stock and that "the general object and purpose of said corporation and its auxiliary branches shall be to promote social intercourse among its members, facilitate the interchange of opinions and ideas in reference to the protection, sale and handling of the

cotton interests throughout the cotton growing states, and to foster, promote and protect the fruit growing, stock breeding, corn raising, and all other agricultural interests and pursuits of the Southern states." E. H. Frazer signs the application as attorney.

Richard Cheatham, secretary of The Cotton Journal and connected with the association, when questioned Monday morning, stated that the new company would be, but a continuation of the old one, re-established on a business basis.

"This association," said Mr. Cheatham, "has been working ever since its birth to organize warehouse and financial companies in every cotton growing county of the South. It is still engaged in this work, which is its direct purpose. Of the 830 reorganized cotton counties of the South, about 610 have already been organized under this scheme, and there is good reason to believe that before very long more than half of the total number will have fallen in line."

"These warehouse and financial companies will serve the purpose of keeping cotton off the market when the price is lower than the minimum fixed by the organized farmers. The warehouses will hold the staple, and the financing companies will advance money on cotton when the grower is compelled to realize out of the product."

## DIES FROM WOUNDS

**ARONOVITZ, JEW PEDDLAR,  
DIED AT LELAND LAST  
NIGHT**

Leland, Miss., Oct. 24.—The Jewish peddler, Sol Aronovitz, who was found almost dead in the woods near the Swan place from licks on the head with a stick in the hands of two desperadoes and brought to this city Wednesday for medical aid, died tonight at about 9 o'clock. His brother was with him at the time of his death. The remains will be shipped to Louisville, Ky., his former home, tomorrow for interment.

The two negroes, who have confessed to the awful crime, are locked up in the county jail in this city.

### Notified of Appointment

Dr. W. L. Howard on Friday received a letter from Dr. Owens, the head of the Illinois Central railroad medical department at Chicago, notifying him of his appointment as the road's physician and surgeon of this city.

Before coming to Greenville, Dr. Howard served the I. C. road in this capacity for six years at Kosciusko, and to the high and honorable record he made there both as physician and surgeon, he was no doubt given this appointment here over several strong applicants for the place.

Dr. Howard, when seen by the Times man, expressed himself pleased with the honor bestowed upon him and during the conversation, said he would, now since he has his appointment, again take up the general practice of medicine along with his specialty work in eye, nose and throat diseases.

## FISH HOLDS THE UPPER HAND

**IN ILLINOIS CENTRAL PROXY  
FIGHT**

**HARRIMAN IS MUCH WORRIED**

**And Sends Embassy to Europe to  
Annul Fish's Proxies in That  
Country—American Express Com-  
pany Joins Fish**

Chicago, Oct. 24.—It was learned today that Fish holds all proxies of foreign stockholders of the Illinois Central and when the show down comes he will have twenty to thirty thousand majority in the meeting. These are secured because foreigners have infinite confidence in his management and think that Harriman is trying to exploit the conservative old road for the benefit of his western systems.

Harriman, it is said, has become alarmed and is going to send an embassy to Europe to secure a revocation of the proxies held by Fish. The American Express company has also joined hands with Mr. Fish in his fight on Harriman and from all indications, Fish has won the fight.

### Will Try Again

Jackson, Miss., Oct. 24.—A new court district is developing in Pike county, and will be one of the lively subjects brought before the next legislature on the local and private legislation calendar.

The purpose of the campaign is to secure the creation of a new circuit and chancery district, with the county seat at McComb City. The plan is being vigorously opposed by many citizens, especially in the southern district of the county, and when the bill proposing the division is introduced in the legislature it will provoke a very lively scrap.

Nearly four years ago the McComb faction endeavored to secure a new county seat, but the measure was effectively killed by the Magnolia faction, and the latter's forces are now being organized for the fray. It is estimated that the proposed court house and jail for a new district would cost about \$100,000, and this is the principal argument being used against division.

Thus far no other court division or new county campaigns have developed, but it is likely that the legislature calendar will contain the usual number. There is some probability of a renewal of the proposition to create a new county from portions of Jefferson, Franklin and Wilkinson. A measure of this character was defeated at the last legislative session.

### The Price of Health

"The price of health in a malarious district is just 25 cents; the cost of a box of Dr. King's New Life Pills," writes Ella Shlayton, of Noland, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c Satisfaction guaranteed. At all druggists Oct
